TERABORSUK

- - RIDER - -

The band **TERABORSUK** travels with its own technical and production crew, in-ear monitoring system, mixing consoles, microphones, and backline instruments.
We require a high-quality PA system, stage, and basic technical/organizational cooperation from the promoter according to this rider. TERABORSUK band members:

- Anastasia “Nasťa” Matveeva - vocals
- Martin “Cicko“ Čerkala - vocals & bass guitar
- Tomáš Smrek - vocals & accordion
- Michal Balucha - guitars
- Ján Papcun - vocals & drums
- Ján Bak - vocals & brass
- Mário “GAPA” Garbera - brass
- Vladimír “Volod’” Trofimovič - brass
- Production team - Management, Technicians, Merch, Photographer

Organizational requirements

- Band’s management contacts: +421 944 366 626 booking@teraborsuk.com

- **Upon arrival of the band TERABORSUK**, cooperation from the promoter is required, especially **navigation in event area** and assistance with local logistics
- We arrive in two vans (PO 715IC; BL 157MP)
- **Immediately upon arrival, a lockable dressing room for 14 people** must be available.
- **From arrival until departure of the band from the venue, it is necessary to provide 1 security officer** dedicated exclusively to the band TERABORSUK
- It is necessary to provide **4 sober stagehands for unloading and loading equipment** in the backstage area and helping during stage preparations
- **An instrument and equipment preparation area** should be located as close to the stage as possible, and available to **TERABORSUK’s technicians 60 minutes before showtime**.
- **The stage must be emptied 30 minutes before scheduled performance** so that preparation and soundcheck can take place.
- It is **necessary to prevent audience entry onto the stage using security service or barriers**
- After the concert, **it is necessary to manage any photo session of fans with TERABORSUK** using 1 dedicated security officer

Catering:

- **Room-temperature still mineral water 6x 1.5L and 24x small 0.5L/0.7L**
- 1x Vincentka, 2x apple juice, 2x CocaCola 1.5L, 4x RedBull
- Coffee upon request of TERABORSUK on site (14x)
- 1x Republica Rum, salty snacks (pretzel sticks, chips)

Before the concert, cold snacks are welcome (e.g., platters or open sandwiches), and after the concert, a **proper full hot meal for 14 team members must be provided**.

MC requirement

The event MC must consult the introduction of TERABORSUK directly with the band in advance. Link to band BIO https://teraborsuk.com/bio/ [QR]

REQUIREMENTS FOR SOUND, LIGHTS, STAGE & CONTROL:

We ask the company responsible for technical setup to consult via phone with the technicians:

- Dominik Krišš (MON) +421 904 339 158 dominik.kriss@gmail.com
- Pavol Fecík (FOH) +421 908 215 828 info@pavolfecik.sk

- **Sound system**
  - **Professional PA system of well-known brands appropriate for the space size, capable of achieving even audience coverage.**
  - **At outdoors venues, Line Array system is required**
- **STAGE**
  - Minimum stage dimensions **10x7m**
  - **Roofed, elevated, clean, and certified (CE TÜV)**
- **2x RISER:**
  - **drums 3x2m**, height around 50 cm
  - **brass section 3x2m,** height around **25 cm**
  - risers must be ready on stage or in preparation area 30 minutes before performance
- Stage lighting (white theater and colored FX lights).
- **FOH and MON control areas (tents) must be available 1 hour before scheduled performance:**
  - **FOH** – in audience area, no side walls, **table or case space for mixing console 130x60**
  - **MON** - next to stage by stage stairs, **table or case space for mixing console 100x60**
- **2x Shielded CAT 5e/6/7 cable:**
  - FOH <> DRUM RISER
  - MON <> DRUM RISER
- **Microphone stands:**
  - 6x large (one of them at FOH), 1x medium (snare) + 1x small (kick)
- **XLR cables**:
  - at **MON** and/or on STAGE: lengths approx. **2x15m, 2x10m, 2x5m**
  - at **FOH**: **PA feed: 2x ~10m LR,** 1x ~10m SUB and **1x10m** for our calibration MIC
- **230v** sockets according to the STAGEPLAN
  - Type E / STN exclusively required (otherwise 4x “blue” POWERCON cables)
- **BACKDROP**
  - **Hang 8x5m BACKDROP** on truss behind drummer, or display TERABORSUK logo on the LED screen. Logo link: https://teraborsuk.com/showkit/ [QR]
- **Be helpful with patching, cabling and stage prep before performance according to STAGEPLAN.**

OTHER TECHNICAL INFORMATION

- We use our own microphones and MIX consoles
- Mixing and monitoring are handled by TERABORSUK’s technicians
- Digital connection to PA (AES/EBU) is also possible
- We prefer a separate SUB send
- Before performance, we quickly fine-tune the PA system using test tracks and/or noise
- We use wireless systems in various frequency bands, exact tuning provided upon request

STAGE PLAN TERABORSUK

BACKSTAGE

- Lockable dressing room for 14 people available immediately upon the band's arrival at the event.
- No public access.
- 1 Security officer dedicated exclusively to the band TERABORSUK.
- Food and drinks as per rider.
